## Turn me into something else

**Victor Nunes** is an illustrator who uses ordinary objects (earbuds, rubber bands, pen lids, paperclips etc) to create imaginative drawings that feature these everyday objects.

Your task this week is to select a small and very ordinary object that you have at home and then use it as a feature in a series of drawings that you make, turning the object into something else.

Aim to create a least 5 drawings featuring your selected object. Make your drawings all on one page if you can.

Happy creating!

# View from your window

As we are all spending the majority of our time inside, I thought it would be a great idea to share the view from your window.

Using a pencil draw the view from a window in your home.

Start with the larger shapes first for example a building or a tree, then add in the smaller details.

Be as creative as you can, add colour with pens and pencils if you have them.

Please email me a photograph of your creation I can not wait to see your drawings!

Happy creating!
