| Percentage	I can …	Prove it!
+84%	I can evaluate a topic by presenting the positives and negatives before reaching a conclusion. I can defend my judgement using a variety of evidenced points. • *Arguments that support the statement. Why is it correct?* • *Arguments against the statement? Why is it incorrect? Suggest a minimum of two alternative options explaining how they would impact differently.* • *Overall do you agree or disagree with the statement and why? Use evidence to back up your points.* 8 mark questions are also often case study questions or questions that require you to use specific examples.	1) How successful has Bristol been in overcoming environmental challenges? (*hint: integrated transport system, urban greening, overcoming urban sprawl and dereliction*) 2) Assess the success of Bristol's attempts to reduce the environmental effect of waste disposal and air pollution. 3) Assess the causes and consequences of social inequality in Bristol. 4) *Housing developments should only be built on brownfield sites*. Discuss. 5) *The regeneration of the Temple Quarter of Bristol is a success*. Discuss.
72%	I can compare two or more factors using detailed evidence to back up my comparison. I make sure I explain how they will impact differently. I can break information into parts, such as: • **Social, economic and environmental** • **Primary and secondary effects** • **Immediate & long-term responses**	1) Describe how natural increase and migration have led to population growth in LIC and NEE cities. 2) Explain the differences in urban growth between the richer parts and poorer parts of the world. *Why are LICs and NEEs experiencing more rapid urban growth than HICs?* 3) Bristol's population is becoming larger, more youthful and ethnically diverse. How has this urban growth offered social opportunities in Bristol? *(hint: leisure, sport, culture, shopping)* 4) How is Bristol making use of changes in the city to promote economic growth? 5) Describe how environmental changes can improve the quality of life for the people of Bristol. 6) Describe the advantages and disadvantages of developing on greenfield and brownfield sites. 7) Using a specific example, describe how Bristol is trying to overcome dereliction and urban sprawl. 8) Using specific examples, how has Bristol overcome issues of waste disposal and pollution? 9) Compare the urban environments at Filwood and Stoke Bishop in Bristol. 10) Compare the suitability of building housing developments on greenfield and brownfield sites 11) Describe how the regeneration of the Temple Quarter improve the area socially, economically and environmentally.

Percentage	I can …	Prove it!
60%	**I can demonstrate a clear understanding of facts and processes through explanation, which follows a detailed structure that ensures I explain my point/s to the fullest.** • **I believe……because…… More specifically…… As a result……** • **I choose……because…… For example…… As a result……** • **One way is……because…… This means that…… As a result……**	1) Explain how push and pull factors has led to rural-urban migration and a growth in urban populations. 2) Explain why NEEs are now experiencing rapid urban growth. 3) Explain why 82% of people in the UK live in urban areas. 4) Explain four reasons why Bristol is considered an important city. 5) Explain why the Rover Stadium is being built on the outskirts of the city. 6) Explain how changes in Bristol can prove positive for the people of the city. 7) Explain why high-tech companies have decided to move to Bristol. 8) Explain why Bristol's integrated transport network will help to improve Bristol's environment. 9) Explain why Bristol suffers from urban sprawl. 10) Explain the causes of social inequalities. 11) Explain the disadvantages of building housing developments on greenfield sites. 12) Explain why the Temple Quarter was in need of regeneration.
48%	**Demonstrate an understanding of facts and ideas through detailed description, which uses evidence to back up points.** *Make your point and then give two examples.* • **Topic sentence – introduce answer Firstly……For example…… Secondly……For example……**	1) Describe four examples of push and pull factors. 2) Describe how natural increase can result in urban growth. 3) Describe two reasons for the slow rate of urban growth in HICs. 4) Describe the UK's population distribution. 5) Bristol experiences high rates of inwards migration. How has this affected the city? 6) Describe how Bristol's population is changing. 7) Describe three new leisure, sport, shopping or cultural developments that have been built in Bristol. 8) Describe the growth of quaternary sector industries in Bristol. 9) Describe how Bristol has expanded its green space. 10) Describe the environmental challenges in Bristol (*waste disposal, traffic congestion, air pollution*). 11) Outline strategies to overcome waste disposal issues and atmospheric pollution. 12) Describe the social differences between a socially deprived area and affluent area in Bristol. 13) Describe how Bristol is providing homes for its growing population. 14) Describe the benefits of building on brownfield sites.

Percentage	I can …	Prove it!
36%	I can recall facts, identify factors or points and organise my ideas in a logical way. *The definition of……is……* *Two ways that……*	1) List four causes of urbanisation. 2) In the UK, 82% of people live in……… 3) In the UK, 32% of people live……… 4) List 3 reasons why Bristol attracts so many people. *(e.g. 2 universities…)* 5) List two social opportunities in Bristol caused by urban growth. 6) Bristol is experiencing a rapid growth in high-tech industries. List two high tech companies that are found in Bristol. 7) List 3 types of transport that are found within Bristol's integrated transport system 8) List two ways Bristol is increasing green space. 9) What does urban sprawl mean? 10) List two ways Bristol has reduced impact of waste disposal and air pollution. 11) List 2 differences between Filwood and Stoke Bishop. 12) What does the rural-urban fringe refer to? 13) What is the green belt? 14) List two differences between greenfield and brownfield sites. 15) What does urban regeneration mean? 16) List two characteristics of a derelict area. 17) List three ways Bristol improved the Temple Quarter.
